Idris Kadri

Front & Back end Developer

WORK EXPERIENCE

SG Digital / Openbet – Software Engineer L1 – London January 2018 – current

I am currently working as a Software Engineer at SG Digital.

Role:

- Work as part of a self-organising SCRUM team to develop new features and functionality for large scale betting websites
- Practice Test-Driven Development (TDD) to produce robust, clear, polished code
- Design solutions that are modular, scalable, extendable and portable
- Work with customers to extract requirements using BDD

Freelancing – Worldwide January 2014 – December 2017

I previously worked as a freelancer providing services on multiple platforms such as

Portfolio - <http://idriskadri.com>

Upwork - <https://www.upwork.com/o/profiles/users/~01fab7f182b5673de6>

People Per Hour – <https://goo.gl/3XpesF>

Elance - <https://www.elance.com/s/idris2573>

My main services were providing explainer video animations and various development projects to individual clients and companies. I've worked with hundreds of different clients around the world directly such as Megatoken, MyCustomJournal, Arbitrage Central, Bernados, Bonozo Apps, Purple Magnet, StudioSe7en, SeventhRoom Marketing and others.

Delaware North Company , Hospitality Waiter – London February 2015 – October 2016

During this period I work a zero hour contract position at Delaware North Company. I was sent to various sports grounds such as Emirates and Wembley Stadium, where my main role was a hospitality waiter. I also frequently took on roles such as bar staff and cashier.

HSBC Security Guard / Receptionist - Leicester December 2013

I worked at one of HSBC's offices in Leicester as a temporary replacement. I had daily roles given to me ranging from setting up meeting areas, to recording who enters and leaves the building.

iKadri Electronics - Worldwide November 2011 - March 2013

I started my own sales business teaching me entrepreneurial and sales skills. I was based on eBay where I sold over 2000 products, and received positive feedback from over 1500 customers.

ACADEMIC QUALIFICATIONS

BA (Hons) 3D Animation and Design
De Montfort University 2011 - 2014

A Levels ICT Photography Art and Design: Graphics
Barking Abbey Sixth Form 2009 - 2011
